

## **REACH Compliance Declaration**

July 13, 2018

Dear Valued Customer,

Inteplast BOPP Films hereby certifies that our BOPP films (all types and gauges) are fully compliant with the related requirements of the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH):

- 1) Under the structure of the REACH regulation, Inteplast BOPP is a manufacturer of "ARTICLES" to our customers. We do not manufacture "substances" or "preparations" and our articles do not involve the "intentional release of substances". Accordingly, we foresee no registration or pre-registration or Authorization requirement for the products we supply
- 2) With regard to the requirements of Article 33 of REACH: Duty to communicate information on substances in articles, we declare that none of the SVHCs (the Candidate List of Substances of Very High Concern for authorization currently released by ECHA till the date of June 27, 2018 containing 191 substances) is present in Inteplast BOPP products in quantities totaling in a concentration equal or above 0.1%.
- 3) With regard to the requirement of Article 67 of REACH: a substance on its own, in a preparation or in an article, for which Annex XVII, contains a restriction shall not be manufactured, placed on the market or used unless it complies with the conditions of that restriction. We declare that none of the substances in the Conditions of restriction are present in Inteplast BOPP film products.

As REACH regulation is updated frequently, for the major changes afterwards, such as the addition of SVHC substances into Annex XIV, the addition of restricted substances in Annex XVII, Inteplast will evaluate and update this declaration to reflect these changes.

This certificate relates only to non-printed/non-coated polypropylene films and includes all raw materials and processing aids used in our BOPP films.

For and on behalf of Inteplast BOPP Films,

*Valerie Kaiser*
